## **2019 CLEANUP CHALLENGE**

**January 1 – May 31, 2019**

The 2019 Cleanup Challenge begins January 1! The top three teams in each of the two categories will earn beautification funds to be used for cleaning, improving and beautifying public right-of-way areas selected by your team!

In order to participate in the challenge, each established team must complete this form and return it to [district2web@mobile-county.net](mailto:district2web@mobile-county.net) by the end of each month. Teams may join the challenge at any time before the May 31 deadline. Based on the information provided, LYC officials will calculate the average volume of litter per team member for each team. Teams with the highest average volume at the end of the challenge will be awarded the beautification funds. Photographs must be provided in order to verify the total number of trash bags collected.

Before the challenge ends on May 31, teams should provide LYC with a general beautification or cleanup plan that would be implemented if the funds are awarded. Winners will be announced in early June.
